

ESOHTN Conducts Site Visits

Have you seen anyone from the ESOHTN team on your base recently? From Japan to Alaska to Korea, we've traveled across the world to meet with some of your bases for hands-on training and face-to-face meetings.

Jerry Arcaro, Vice President of ICLD, traveled to Japan in May to meet with Kadena AB & Yokota AB to review enhancements and provide additional user and administrator training. There, he discussed additional modules for site integration and certain site-specific revisions needed.

Sarah Spalding, our Customer Support Manager, visited Eielson AFB and Joint Base Elmendorf—Ft. Richardson in Alaska this June to meet regarding the status of ESOHTN and review existing and new training modules.

Barb Murphy, our Content Team Specialist, is currently traveling to Japan and Korea to visit Misawa AB, Osan AB and Kunsan AB for some hands-on ESOHTN training. Barb is meeting with numerous people to discuss additional enhancements to the bases' sites.

Remember, if you have questions regarding your ESOHTN site, its training or any admin features, just contact our Customer Support at support@esohtn.com.

Summer Support Tip

Have you ever looked at your Installation Specific Information page in ESOHTN? Many bases have their important documents, forms and policies stored at this location for easy retrieval when needed. There, you can also find a list of contacts at your base so you will always know who to call if you have a question.

And remember, if you have any questions or need any assistance, feel free to contact us at support@esohtn.com.

We are always happy to help!
