

ECATTS Speaks at Navy Symposium

Last month, the Navy held their virtual Professional Development Symposium. The training ran from March 14-18 and offered a wide variety of training topics for Navy personnel. Jerry Arcaro, our Senior VP of ICLD (the parent company that powers ECATTS & ESOHTN), had the opportunity to speak to multiple audiences during the Environmental Session held on March 15th. His presentations shared insights on using ECATTS, as well as an overview of the ECATTS training system.

The presentations were a success and future training sessions will be scheduled as he continues to travel to client bases.

System presentations are available for your base as well. If you would like to schedule a personalized ESOHTN training session, please contact us at sales@ecatts.com.

Updates & Enhancements

Our Content Team is always busy at work to ensure your ESOHTN system is up-to-date with the most current training.

Check out the following updates that may affect your base:

Eielson - Revisions to update Organizational Structure

Yeager/McLaughlin - Revisions to update Organizational Structure

Keesler - Addition of new Air Training Module for Shop Personnel

Hurlburt Field - Addition of Air Training Series for Shop Personnel (10 Modules)

Spring Support Tip

Did you know there are two features in ESOHTN which allow facilities to log and report training that has been taken outside of the ESOHTN platform? The “External Training” feature is for personnel who have an existing ESOHTN account and “Training Via Briefing” is for users who do not have computer access or an ESOHTN account.

If you would like to learn more, or have any questions, feel free to contact our Support Team at support@esohtn.com.

Celebrate Earth Day

National Earth Day is celebrated every year on April 22 in an effort to show continued support for our environment and its protection. Observed and shared by more than a billion people every year, let this be a day of action and change to better our environment.

Choose to get involved or spread the word. However you decide to recognize or help on this day, your Earth will thank you.

And remember, spend the day outside and enjoy your surroundings!
