

**Course Updates & Enhancements**

We’re always busy adding new training modules or updating your current ones, keeping all pertinent information, current regulations and base-specific contacts up to date. It is our top priority to ensure you get the best training experience possible.

**Updated Trainings Include:**

**1. Storm Water Pollution Prevention Training for NAS Corpus Christi**

- *Why are we doing this training?* To stay in compliance with 3 different permits/plans:
  - Multi-sector General Permit (MSGP) for Industrial Facilities
  - Municipal Separate Storm Sewer System (MS4) Permit
  - Storm Water Construction General Permit (CGP)

**2. Environmental Management System (EMS) for NAF Atsugi**

- *Why are we doing this training?* OPNAVINST 5090.1 requirement: All Navy military, civilian, and contractor personnel should receive initial environmental awareness training and a refresher every 3 years.

**3. 2025 Oil Handlers Training for NSA Annapolis**

- *Why are we doing this training?* 40 CFR 112.7(f)(1) requirement: All facility oil handling personnel on Installations are required to train in the operation and maintenance of equipment to prevent discharges; discharge procedure protocols; applicable pollution control laws, rules, and regulations; general facility operations; and the contents of the facility SPCC Plan.

**4. Environmental General Awareness Training for Naval Air Station Patuxent River Complex (NASPRC)**

- *Why are we doing this training?* OPNAV 5090.1, Ch. 17 requirement: All Navy military, civilian, and contractor personnel must receive initial and refresher environmental awareness training as soon as practical after reporting to an installation or activity and at least every 3 years.

If you have any changes needed to your courses, or want to request the addition of any new module topics, please contact us directly at [support@ecat.ts.com](mailto:support@ecat.ts.com). We are here to help you.

**Social Media Connections**

Let’s be friends! Are you following us on LinkedIn, Instagram & our Blog? Make sure to connect with us for environmental facts & regulation info, course updates & benefits, mobile app highlights, user reviews, and a monthly “Did You Know?”

We also post articles to complement the training in your course catalog giving you a better understanding of the material.

**Summer Support Tip**

Did you know that all bases in ECATTS have a dedicated space where users can find important contacts, documents, and check-lists specific to them? This area can be found on the **CONTACTS AND DOCUMENTS** link in the center of your main ECATTS homepage.

And have you checked or updated those documents recently? Administrators can add base contacts from the Admin site by clicking on the **ADD NEW BASE CONTACT** link at the top of the left hand menu. Or if you prefer, simply email any documents or info to [support@ecat.ts.com](mailto:support@ecat.ts.com) and your ECATTS Support Team will be happy to upload for you. Do not hesitate to reach out if you have any questions.

**Don’t miss a thing.**

**Click to start following now!**

**Thanks for your feedback! We are always happy to hear from you.  
Let’s hear what you had to say about your ECATTS training this past quarter:**

*“...very good, informative and serves as a refresher. Thank you for sharing.”*

*“Very useful.”*

*“Good training method.”*

***“THANK YOU FOR PROVIDING A SIMPLE, EASY TO FOLLOW TRAINING.”***
